

Funding for Community Legal Projects
Available in 2020

Did you know that since 2013, the Law Foundation of Prince Edward Island has provided nearly \$2 million dollars in funding for research, education and services that help Islanders to better understand and navigate the legal system?

We are happy to offer a free, 20 minute presentation about our funding program at a meeting, workshop, or even one-on-one. We will go over the funding program and give examples of the types of projects/services that have been funded in the past. We can also chat with you about your project ideas and how to prepare a strong application.
